McClung Museum's #StitchTogether Project

🌿 This embroidery design is based on *Ixia Dubia*, a print by Pierre-Joseph Redoute. Check out more about this print [here](#).

🌿 Instructions:

- Place fabric on hoop making sure it's taught.
- Draw or trace the design onto the fabric with a pencil.
- Thread your first color onto the needle and begin stitching using the colored guide from page one.
- You can start anywhere, but save the highlight and shadow lines for after the petals are complete and stitch the flower pistils last.
- Sit back and take in your awesome work! 😊
